

Nexus Building

450 Second Ave North
Saskatoon, Saskatchewan
Photo Taken: July 13, 2011

Construction on the Nexus Building on 2nd Avenue North is well under way. According to developer Ken Achs, president and CEO of Mid-West Group of Companies, the project involves redevelopment of the old Modern Press building, a new four storey Class A office building and underground parking. The completed project spans 400 feet frontage on 2nd Avenue and will sharply update the look of the north downtown. The new building features glass and granite entry facades. The completed project will have 81,000 s.f. rentable area and 180 parking spots.
